Thank you for your interest in the Weimaraner breed. To assist you with your puppy selection and to confirm that the Weimaraner breed is an appropriate selection for you and your family, please take time to answer the following questions and review the information on our website: www.corbettcreekweims.com.

To assist us in finding the right puppy for you and your family, please forgive us if you believe this may be overkill. We assure you we truly want you to have one of our puppies provided it is a great fit, and that your experience for the next ten to fifteen years will be enjoyable.

These questions and your responses may help prevent one more puppy finding its way to an animal shelter. In our small community, many of the animals at shelters are those that are 'turned in' by the current owner. The dog or cat was not what they expected, too costly, not good for their home or family, too big, or any number of other reasons. By taking a little time at the beginning, we hope to confirm that your ownership of one of our weimaraner puppies will be a great fit and you will not have any surprises during your ownership, other than from the love and affection your weimaraner will provide.
